EUREKA ANNOUNCES CLOSING OF FIRST TRANCHE OF PRIVATE PLACEMENT

Vancouver, British Columbia, September 13, 2016 – Eureka Resources Inc. (“Eureka” or the “Company”) (TSXV: EUK) is pleased to announce the closing of the first tranche of its private placement offering of units (the “Offering”), as previously announced on August 25, 2016. In connection with the closing of the first tranche of the Offering, the Company issued 1,050,000 units at a price of \$0.14 per unit, for gross proceeds of \$147,000. Each unit consisted of one common share in the capital of the Company and one half of one share purchase warrant, with each whole warrant entitling the holder to acquire an additional common share of the Company at a price of \$0.20 per share for two years from the closing.

Michael Sweatman, CEO of Eureka, stated, “The proceeds of the Offering will be used to explore our Gemini lithium project in Nevada and for working capital. The Gemini Project is an exciting opportunity to continue in our commitment to add value for our shareholders by taking on relatively low cost projects which we believe have potential.”

The exploration program for the Gemini Project is estimated to cost US\$500,000. Eureka is required to contribute 50% of these costs (US\$250,000) to maintain its 50% interest.

All securities issued under the Offering will be subject to a four-month hold period, during which time the securities may not be traded. None of the securities issued in connection with the Offering may be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the United States *Securities Act of 1933*, as amended. This news release shall not constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of, the securities in any state where such offer, solicitation, or sale would be unlawful.

The Company expects to close one or more additional tranches in connection with the Offering on dates to be determined.

Gemini Lithium Project

Eureka owns a 50% participating interest in the Gemini lithium brine project, located in the western Lida Valley, located in Esmeralda County in south central Nevada, approximately 40 kilometres (26 miles) from North America’s only producing lithium mine at Silver Peak. Gemini currently consists of 247 placer claims totaling 4,940 acres (2,000 hectares). The Gemini project is located in a flat, desert basin hosting two interpreted sub-basins and with a similar geological setting to the Clayton Valley. Recent geophysical work at Gemini has outlined conductive zones interpreted as brine horizons, which the Company plans to test by drilling.

FG Project

Eureka has held the FG Property (formerly called Frasergold) since 1982. To date, over \$15.0 million of exploratory work has been completed by the Company, ASARCO, AMOCO and Hawthorne Gold Corp. The historical exploration has established a Measured and Indicated (376,000 ounces) gold resource at an average grade of 0.776 g/t gold, using a cut-off grade of 0.5 g/t, and an Inferred gold resource (634,900 ounces) at an average grade of 0.718 g/t gold, using a cut-off grade of 0.5 g/t. Mineralization has been outlined over a strike

length of 3 kilometres, and has the potential for additional mineralization that could extend along an interpreted strike length of over 10 kilometres. Details of the gold resource can be found in "NI 43-101 Technical Report, Frasergold Exploration Project, Cariboo Mining Division, dated July 27, 2015" available on SEDAR or at the Company's website.

John R. Kerr, P.Eng., is the Company's designated Qualified Person for this news release within the meaning of NI 43-101 and has reviewed and approved the technical information described in this news release.

Further information on Eureka can be found on the Company's website at www.eurekaresourcesinc.com and at www.sedar.com, or by contacting Michael Sweatman, President and CEO, or Bob Ferguson by email at info@eurekaresourcesinc.com or by telephone at (604) 449-2273.

Cautionary Statement Regarding Forward-Looking Information

This news release includes certain "forward-looking statements" under applicable Canadian securities legislation that are not historical facts. Forward-looking statements involve risks, uncertainties, and other factors that could cause actual results, performance, prospects, and opportunities to differ materially from those expressed or implied by such forward-looking statements. Forward-looking statements in this news release include, but are not limited to, statements with respect to the Company's proposed financings, objectives, goals and future exploration plans at the Gemini Project, the costs related to the Company's proposed exploration programs, the Company's intention to close additional tranches under the Offering and the business and operations of the Company. Forward-looking statements are necessarily based on a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties and other factors which may cause actual results and future events to differ materially from those expressed or implied by such forward-looking statements. Such factors include, but are not limited to: failure to close additional tranches under the Offering, general business, economic and social uncertainties; litigation, legislative, environmental and other judicial, regulatory, political and competitive developments; delay or failure to receive board or regulatory approvals; those additional risks set out in the Company's public documents filed on SEDAR at www.sedar.com; and other matters discussed in this news release. Although the Company believes that the assumptions and factors used in preparing the forward-looking statements are reasonable, undue reliance should not be placed on these statements, which only apply as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. Except where required by law, the Company disclaims any intention or obligation to update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.
